Full-Stack Developer

SUMMARY

Aspiring and talented web developer with a strong foundation in ASP.NET Core and a passion for building modern, responsive web applications. Currently a senior Computer Information Systems student, with a solid understanding of both frontend and backend development. Quick to learn new technologies, committed to writing clean, efficient code, and continuously improving through hands-on experience. Seeking opportunities to gain deeper expertise, contribute to real-world projects, and grow as a professional in a collaborative development environment.

EDUCATION

Bachelor Degree of Computer Information Systems
Al al-Bayt University ,Mafraq

Oct 2021- Jun 2025

PROJECTS

Doctorak – Your Digital Healthcare Platform. [D](#)

- Doctorak is a modern healthcare web platform built with ASP.NET Core (MVC) and Entity Framework Core. It connects patients and doctors by offering features like appointment booking, consultations, medicine orders, health articles, and AI-assisted chat. Doctors manage schedules, and admins oversee the system for smooth operation.

MoneyScope – Personal finance management. (Currently Developing)

- MoneyScope is a personal finance web app built with ASP.NET Core (MVC) and Entity Framework Core. It allows users to register, log in, manage income and expenses, and view transaction history. The project focuses on practicing real-world concepts like authentication, CRUD operations, and clean code architecture.

Other Projects – Mobile Applications.

- Athkar – A simple Android app that displays morning and evening supplications with a clean, readable UI.
- Notly – A lightweight note-taking app with a user-friendly interface for creating and managing notes.

EXPERIENCE

• IT Intern – Hikma Pharmaceuticals.

hikma. Jan 2025- May 2025

Completed an IT internship at Hikma Pharmaceuticals, focusing on infrastructure and data center operations. Gained hands-on experience with servers, cloud systems, and enterprise tools like Hyper-V and Veeam. Handled support tasks using the Ivanti ticketing system and assisted the help desk team. This experience gave me valuable insight into how the IT world works.

• Programming Courses.

- Foundational C# with Microsoft at freeCodeCamp.org ([A](#))
- Master ASP.NET Core by [Beau Carnes](#) at freeCodeCamp.org ([A](#))

TECHNICAL SKILLS
